### The Story Behind It All

The legendary

## *„Treasure Of Atlantis“*

at the bottom of the ocean,  
was the starting point of a limited series  
of crystal/glass artworks.

## *„Treasure Of Atlantis“*

**This unique piece of art tells you a  
little story.**

The frame - made of solid steel –  
and the first layer of glass are covered with  
a golden coat of “Crystal Skin™”  
and pictures the golden beach of the  
legendary continent of Atlantis.

Integrated in the frame  
is a white LED lighting system  
to emphasize the “Crystal Skin™” and the  
sparkling of the SWAROVSKI ELEMENTS.  
The next two layers of glass beneath  
are illuminated by a blue LED light  
and represent  
the waves/water and the depth of the ocean.  
Located at the bottom of the ocean  
you will find the legendary

## *„Treasure Of Atlantis“*

in the form of the unique „MASTERPIECES“.

## „Treasure Of Atlantis“

The „MASTERPIECES“ are crystal artworks  
made by hand  
in an extensive procedure.

In that process,  
thousands of the most sophisticated  
**SWAROVSKI ELEMENTS**  
in many different sizes, colors and shapes  
will be assimilated into a holistic artwork.

Overall,  
the treasure consists of  
one large, three mid-sized and three small  
„MASTERPIECES“

all together  
more than  
**22.000 crystals**  
will have been assimilated by hand.
